SUDARSHAN

Welcome to the June 2021 edition of Sudarshan's 'Color by Design' monthly newsletter. The month of May was filled with fun and lot of exciting events to us. We all enjoyed our annual company meeting: 'Suda Connect 2021' in 3rd week of May 2021, We took an opportunity to thank and salute our "Superheroes of Sudarshan".

We participated in **CITE 2021 trade show** in Japan (19th May-21st May 2021) in association with Yamakawa Trading. Despite the Covid19 scenario, the show went well. Sudarshan and Yamakawa got wonderful response from APAC region. Here are some glimpses of CITE 2021.

Let's Save Our Oceans

We pledge to keep our ocean clean and safe. Due to our world-class environmental practice, we are one of the few Indian chemical companies permitted to discharge its effluent directly into the sea. We spend more than \$2 million every year on environmental compliances.

All plants are ISO 14000: OHSAS certified.
